Agenda:

1. Welcome
2. Update from each Community Lead on initiatives so far - New initiative
3. The new design on the posters, leaflets and post card - Feedback
4. Support from the coordinator and Executive Committee?
5. New sites
6. Future organization - frequency on these TC

Update from each Community Lead on initiatives so far - New initiative

Italy: So far 3 articles have been publicized

Austria: So far 3 articles have been publicized and newsletter reaching 300 patients

Reaching people in the community and trying to make the staff more aware of the study and trying to meet more people in the MSM community. It is a sensitive topic in Austria due to the legal issues and maybe providing more legal information to the whole community and staff would be beneficial.

Austria is looking forward to working close together with the German lead.

France: Have had articles in internet/paper and make an internet banner for. Tina will move forward.

France has Gay prevention structure that can organize distribution of the flyers, post card and Laurent will try to have them distribute the PARTNER material.

It would be good to have all the national participating sites on the electronic leaflet. That will be done in the next weeks.

Henrik – HIV Europe: PARTNER needs to go on Twitter, face book,: we can make a European face book profile and the each country can have their own with local/national information. : Henrik will help with the Face book profile. We should also agree on united guidelines for the Community Leads on how to run the PARTNER study social media. A person from the country (the community lead?) should be responsible for the national face book profile.

Roberts Fieldhouse and David Rowlands from the Baseline UK-magazine and Birgit Leichsenring visit

United guidelines for all Community lead in the internet

The new design on the posters, leaflets and post card - Feedback

Translate the English into French

Support from the coordinator and Executive Committee

Set up at Germany speaking TC with the community leads for the German speaking countries in January.

Other “languages” are more than welcome to have similar TC. Tina will contact all community lead.

New Sites

If there are suggestions for new sites please send them to Tina Bruun tbr@cphiv.dk

Future organization: TC

Set up a nw Community Lead TC in January/February

The following Community Leads have been appointed after the TC

Sweden : Helena Granholm from Noahs Ark

Germany: Dirk Sander: Deutsche AIDS-Hilfe
